

Partner with Eleven Fifty Academy!

Corporate Sponsorship Packages from \$350

Eleven Fifty Academy is a non-profit 501(c)(3) technology academy that offers an immersive learning experience designed for new coders. Headquartered in Fishers, Indiana, Eleven Fifty empowers people of all ages and backgrounds to launch, change, and enhance their careers. Our mission: to close the nation's growing technology skills gap by building an ecosystem of technical talent that benefits the individual, their employer and their community.

Together, with the help from corporate sponsorship, Eleven Fifty is able to provide students with a quicker path to purpose and connect employers to a growing tech talent pool. So far, the results have been staggering:

24,000
Inspired

Through our outreach programs, Eleven Fifty has inspired over 24,000 students of various backgrounds, ages, and skill sets in over 25 Indiana communities.

105
Graduates

Because of our crafted curriculum, we've seen over 100 students graduate from our programs with new skills, strengths, and the power to recode their future.

\$34,720
Increase

Through our career placement team, our graduates experience an 84% job placement record, while the average Eleven Fifty graduate sees a salary increase of \$34,720.

1,200
Students

Our skill up courses have helped 1,200 students while the SmartStart program helps prepare students through real-world coding experiences, internships, and apprenticeships.

We need your help in continuing to help close the technology skills gap and increase diversity in the tech community.

There is still so much more that can be accomplished. Your sponsorship will make it possible for us to continue outreach to inspire the next generation of technologist while providing an affordable option for education. If you are ready to make a powerful impact and put your company in the spotlight as our students look for employment opportunities, there are multiple sponsorship options available.
